

Junior to Junior (J2J) Clinical Negligence Webinar Series 2021-2022

Aneurin Moloney, Emma Woods and Helena Drage, are barristers at Gatehouse Chambers specialising in clinical negligence claims and are regularly instructed on behalf of Claimants and Defendants.

In this series of six J2J webinars, Aneurin, Emma and Helena will be providing a back-to-basics overview of how clinical negligence claims proceed from first instruction to trial or settlement, and the key issues that you'll encounter. They will delve into the substantive law on breach of duty and causation as well as introducing you to the most important procedural elements in the conduct of clinical negligence claims including limitation. They will also provide tips on how to value these claims as well as instructing and getting the most from experts. This webinar series is a one stop shop for those new to clinical negligence practice and those practicing at the more junior levels.

Aneurin, Emma and Helena will be joined by other members of the clinical negligence team at Gatehouse Chambers who will provide their insights into the most complex cases. We very much hope you will be able to join us for some, if not all, of the webinars. A summary of each instalment along with the date is provided below. Each webinar will run for 45 minutes with 15 minutes for Q&A.
